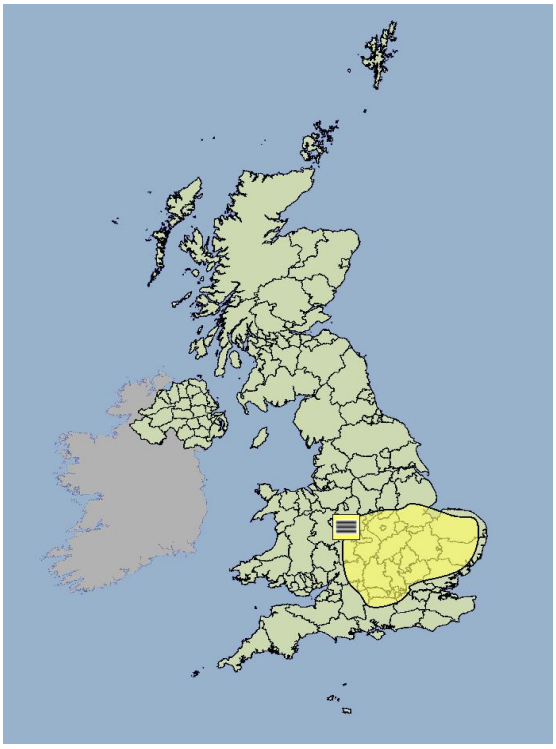
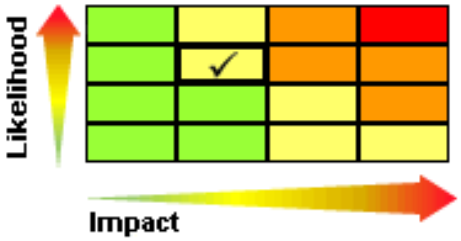
National Severe Weather Warning Service





Chief Forecasters Assessment
Fog patches have formed again overnight, with visibility reduced to 50 m in places. Much of this denser fog will clear by mid-morning, though a few patches may linger into early afternoon.

This warning has been updated to extend the risk of disruption into some western and northern parts of the Midlands.

The Met Office have issued a **Yellow Warning** of **Fog**

Valid from **06:40 on Mon, 31st Oct 2016** until **10:00 on Mon, 31st Oct 2016**

Dense fog patches will affect parts of eastern, central and southern England this morning.

Be aware of the potential for difficult driving conditions with slower journey times.
